ABSTRACT SUBMISSION
In this Conference, we have set aside time for oral presentations. We are either expecting to hear your experience in beginning NIV at your hospital, department, or transport team, or your latest research results. Unfortunately, due to time restrictions, only a few of the most relevant presentations will be selected according to the criteria of the scientific committee. Deadline: June 1st, 2019

Dear colleagues,

The fourth International Conference on Pediatric and Neonatal Non-invasive Ventilation will be held again in Barcelona, Spain.

This Conference, focused on NIV, will be offering the latest advances to young pediatricians, neonatologists, pediatric intensivists, pediatric pulmonologists, and pediatric and neonatal intensive care nurses/respiratory therapists.

It is a multidisciplinary forum where everyone will learn from the lectures of well-known experts in this field. In addition, true to our commitment to education, we will also offer a series of pre-congress workshops that will focus on very practical bedside issues.

We are inviting you to participate and to make this Fourth Conference on Pediatric and Neonatal Non-invasive Ventilation a high standard event and a great success. We are looking forward to seeing you in Barcelona 2019.
